

# Combined Joint Task Force Operation Inherent Resolve

August 30, 2018  
Release # 20180830--01  
FOR IMMEDIATE RELEASE

## **Combined Joint Task Force - Operation Inherent Resolve Monthly Civilian Casualty Report**

**SOUTHWEST ASIA--** The Coalition has worked by, with and through partners since 2014 to defeat Daesh in designated parts of Iraq and Syria, liberating nearly 8 million Iraqis and Syrians from Daesh's brutal rule and reducing its control of territory to approximately one percent of what it previously held.

We continue to employ thorough and deliberate targeting and strike processes to minimize the impact of our operations on civilian populations and infrastructure. This process includes thorough review and vetting of each target package prior to a strike, and another review after that strike. Our regular strike reports make our activities publicly accessible, and our monthly publication of civilian casualty reports makes our civilian casualty assessments similarly accessible to the public.

As we have demonstrated, we are willing to consider new civilian casualty allegations as well as new or compelling evidence on past allegations to establish accountability based on the best available evidence.

The Coalition conducted a total of 29,920 strikes between August 2014 and end of July 2018. During this period, based on information available, CJTF-OIR assesses at least 1061 civilians have been unintentionally killed by Coalition strikes since the start of Operation Inherent Resolve.

In the month of July, CJTF-OIR carried over 232\* open reports from previous months and received two new reports. The assessment of 18 civilian casualty reports has been completed. Three reports were determined to be credible, resulting in two unintentional civilian deaths, while 15 were assessed to be non-credible. A total of 216 reports are still open.

**Credible Reports--** In each of three incidents, the investigation assessed that although all feasible precautions were taken and the decision to strike complied with the law of armed conflict, unintended civilian casualties regrettably occurred.
