FOR IMMEDIATE RELEASE

SOUTHWEST ASIA— Combined Joint Task Force - Operation Inherent Resolve is committed to working by, with and through our Iraqi Security Forces and Syrian Democratic Forces partners to defeat Daesh in designated parts of Iraq and Syria, and helping set the conditions for follow-on operations to increase regional stability.

CJTF-OIR provides our partners appropriate equipment, advice and assistance to achieve our mission and attain the lasting defeat of Daesh. Support to partners also includes precision strikes preceded by a rigorous targeting process that aims at all times to minimize effects on non-combatant populations and civilian infrastructure.

The Coalition conducted a total of 29,358 strikes between August 2014 and end of April 2018. During this period, based on information available, CJTF-OIR assesses at least 892 civilians have been unintentionally killed by Coalition strikes since the start of Operation Inherent Resolve.

In the month of April, CJTF-OIR carried over 476 open reports from previous months and received

four new reports. The assessment of 159 civilian casualty reports have been completed. Five reports were determined to be credible, resulting in nine unintentional civilian deaths, while 149 were assessed to be non-credible and five to be duplicate. A total of 321 reports are still open.

Credible Reports-- In each of five incidents, the investigation assessed that although all feasible precautions were taken and the decision to strike complied with the law of armed conflict, unintended civilian casualties regrettably occurred.
